Percentage: 77%

BHARATHI HIGHER SECONDARY SCHOOL / SSLC
2014 - 2016, NAMAKKAL.
Percentage: 87%

Projects

SIMPLE MULTIPAGE WEBSITE FOR ABC RESTAURANT

Designed and developed a fully responsive, multi-page restaurant website using semantic HTML and CSS. Showcased brand, menu, signature dishes, and contact information with clean navigation, image embedding, and user-friendly forms for feedback.

GitHub : github.com/Dhivyabharathi-19/abc-Restaurant

RESPONSIVE MULTI-PAGE BUSINESS WEBSITE

Designed a simple, responsive website with HTML & CSS, featuring a fixed navbar, dropdown menu, mobile-friendly layout, and modern footer with social icons.

GitHub:github.com/Dhivyabharathi-19/Businesswebsite-using-html-and-css

HOLY CAKES - **RESPONSIVE MULTI-PAGE BAKERY WEBSITE**

Created a responsive, multi-page site with HTML, CSS, and Bootstrap 5. Designed engaging pages for Home, About Us, products, and Contact Form to deliver a smooth user experience.

GitHub : github.com/Dhivyabharathi-19/cakeshop

PHOTOGRAPHY PORTFOLIO

Designed a simple, responsive portfolio site with HTML, CSS, and JavaScript to showcase photography work by category, with About Me, Contact, and Services sections.

GitHub: github.com/Dhivyabharathi-19/photography-portfolio

Area of Interest

UI/UX Design , Web Application Development , Mobile Application Development
